**My summer holidays**

After my hard and busy school year my summer holidays began. I felt happy and began to plan a lot of wonderful things to do during my summer holidays. I went to the Azove seaside with my relatives. The water was very warm there because Azove Sea isn't deep. What I liked there - a lot of different kinds of entertainment there: "water mountains", water scooters and discos. There was nothing to do all day except lying in the sun and getting a wonderful tan. I was playing with my little sister on the sand and in the waves teaching her to swim. Later I returned to Tashkent and spent some time in town going out with my friends, reading, listening to music, watching TV, and playing computer games. After that I went to the sports camp where I spent seven days. During my summer holidays I made many new friends, read a lot of interesting books, knew a lot of useful things. Now I feel ready to get back to school. I am happy to meet my friends and teachers.
