INGLIZ TILI 11-SINF

1-BILET

1. We haven't seen each other **since** Saturday
2. There are 8 steps to successful career planning. They are training, experience, ability, growth, advanced training, competence, learning, knowledge
3. My ideal inventor is Thomas Alva Edison. Thomas Edison was one of the greatest inventors. He invented many things such as the light bulb and phonograph. He was born February 11, 1847 in Milan, Ohio. Thomas has six siblings and he was third child in the Edison family. Thomas studied books on mechanics, manuscripting and chemistry at the public library. He spent a long time studying Newton's principles. In 1880, Edison invented the incandescent lamp. In the year 1910, Tungsten filament was discovered giving off white light instead of yellow light. In 1925, lamps were given an inside frosting that had a fine spray of hydrofluoric acid. In the late 19th century, fluorescent lamps were invented. Thomas was granted 1093 patents over his life time. He died on October 18, 1931 in West Orange, New Jersey.

2-BILET

1. If we **don't stop** cutting down so many trees, we **will endanger** our oxygen supply.
2. Children who breathe in second-hand smoke suffer from the ear infections, bronchitis, and pneumonia diseases
3. What kind of places in Uzbekistan can be interesting for overseas visitors?

There are a lot of places in Uzbekistan for overseas visitors. For example: Samarkand, Bukhara and Khiva in the Unesco World Heritage List delight tourists with historical architectural monuments that inhaled the spirit of the great Silk Road caravans. Though sights of Uzbekistan are not only about monumental madrasas and minarets, mausoleums of rulers and spiritual leaders.

They should definitely find some time to visit museums in Nukus, local history museum in Kokand, "Afrosiyab" museum in Samarkand, House –Museum in Tashkent.

3-BILET

1. Make sentence with Present Perfect Continuous: They have been learning English for two years.
2. Deforestation is cutting or burning trees. Deforestation is the permanent destruction of the forests in order to enhance sources for life and use of woods.
3. Tell about healthy meal you like to make.

Our health depends on our eating. Food provides us with the energy that we spend with physical exertion. Update and development of the organism at the cellular level directly depends on the products that we use. The body needs to receive a sufficient number of nutrients every day: proteins, carbohydrates, fats, vitamins, minerals, trace elements.

Proper nutrition is a mandatory point of a healthy lifestyle and a guarantee of stable functioning of the body as a whole.

I consider that Uzbek national meal "Horda" is very healthy. Because it doesn't contain any oil. The rice boiled and potato, tomato, carrot and other ingredients are added and boiled. I like to prepare this food. It's very easy to prepare. When I have a temperature my mother prepares for me.
